

GRANWAX MATERIAL SAFETY DATA SHEET

SPEEDKLEEN

1. Identification of the Substance / Preparation and Company

- 1.1 Substance: **SPEEDKLEEN**
- 1.2 Supplier: Granwax Products Ltd., West Street, Ridding, Alferton, Derbyshire. DE55 4EW.
- 1.3 Telephone: 01773 541177 Fax: 01773 541429.
- 1.4 This revision August 2001

2. Composition / information on ingredients

- 2.1 Composition and classification of potentially hazardous components; NONE.
- 2.2 Occupational exposure limits: NONE.

3. Hazards identification

- 3.1. This preparation is not classified as hazardous under the CHIP Regulations 1996.

4. First aid measures

- 4.1. Skin exposure: If soreness or irritation occurs as the result of skin exposure, wash the affected area with clean running water for at least 15 minutes. If symptoms persist seek medical advice.
- 4.2. Eye splashes: If the material is splashed into the eye, wash the affected eye with clean running water for at least 15 minutes. Seek medical advice.
- 4.3. Swallowing (ingestion): If material is accidentally swallowed, do not make patient vomit, seek medical advice. This information should be taken with the patient when seeking medical advice.
- 4.4. Inhalation; Move patient to fresh air. If patient is unconscious, place in the recovery position and seek medical help immediately.

5. Fire fighting measures

- 5.1. No special measures are required for fighting a fire involving, or in the vicinity of this preparation.

6. Accidental release measures

- 6.1. Spillages should be contained with a non-combustible adsorbent material and collected for disposal in accordance with the local regulations.
- 6.2. Spillages should not be allowed to run to surface waters.

7. Handling and storage

- 7.1. Protect from freezing and temperatures above 50 C.
- 7.2 All chemical preparations should be stored securely where they cannot be interfered with or used by unauthorised persons.

8. Exposure controls and personal protection

- 8.1. This product is mildly alkaline and prolonged exposure of the skin may cause irritation. Rubber or latex gloves should be used to protect the hands during use and suitable work-wear or overalls should be used to protect clothing and skin.

9. Physical and chemical properties

- | | | | |
|----------------------------|---------------------|------------------------------|----------------------------------|
| 9.1. Appearance: | White liquid | 9.2. Odour: | Non-specific |
| 9.3. pH: | Approx. 8.0 | 9.4. Boiling point / range: | 100 C |
| 9.5. Melting point / range | Not applicable | 9.6. Flash point: | Above 100 C |
| 9.7. Flammability | Not applicable | 9.8. Autoflammability: | Not applicable |
| 9.9. Explosive properties | Not applicable | 9.10. Oxidising properties: | none |
| 9.11. Vapour pressure | Not known | 9.12. Relative density: | Approx. SG 1.04 |
| 9.13. Solubility | Fully water soluble | 9.14. Partition coefficient: | n-octanol / water Not determined |

10. Stability and reactivity

- 10.1. This preparation is generally stable.

11. Toxicological information

- 11.1. The product is of low general toxicity.
- 11.2. As with all alkaline materials it may be irritant to the skin. Any person with a history of skin sensitisation should take extra care when handling this preparation. Reducing the periods of skin exposure to any substance or preparation will reduce the risk of sensitization or other irritation occurring.

12. Ecological information

- 12.1. No data available.
- 12.2. The exact ecological effects of this product are unknown.

13. Disposal considerations

- 13.1. All waste produced by industry or commerce is subject to the Duty Of Care Of Waste Regulations.

14. Transport considerations

- 14.1. Not classified as dangerous goods under CDGCPL2.

15. Regulatory information

- 15.1 This preparation is not classified as hazardous under the CHIP regulations 1996.
- 15.2. No specific labelling requirement.
- 15.3. This substance is classified as a substance hazardous to health within the definition given in Regulation 2 of the COSHH Regulations. An assessment of the risks to health caused by the use of this substance and the other requirements of the COSHH regulations must therefore be made by any employer or self employed person using this preparation at work.

16. Other information

- 16.1. No other safety information is applicable to the use of this preparation for its intended purpose.
