WHAT IS BIOGUARD

A unique, fast acting, high performance disinfectant cleaner that is reliable & proven. Independently tested to the highest British and European Standards (EN1276, AFNOR, EN14476, EN12504, EN13727)

Non-hazardous, non-toxic & enviro friendly. Alcohol free & neutral ph, so gentle on skin

Used & trusted by the NHS & healthcare professionals

HOW DO I USE BIOGUARD

Dispenser pump press 2 x into a clean empty large disinfectant jar, 1 x into a medium or ½ x into a small OR

Use tap to fill the measuring glass fill to brim, pour 2 x into a large jar, 1 x into a medium or ½ into a small.

Top up with fresh clean cold water to the marker line.

Immerse implements into the solution for 2 minutes.

Remove from jar & dry using a paper wipe.
